Hyderabad, India.

I am excited to apply for the MERN Stack Developer position at your Company. With my experience in developing web applications using the MERN stack and a passion for crafting efficient solutions, I am confident in my ability to contribute to your team.

Currently, I work as a Jr. Full-Stack Web Developer at Entitledarts, where I have led projects in the blockchain and homestay domains. I developed a secure API with Express.js and improved performance by implementing asynchronous task processing in Node.js.

I hold a Bachelor of Technology in Electronics and Communication Engineering from Lakireddy Balireddy College of Engineering, with a CGPA of 8.95.

I look forward to discussing how I can contribute to your team.

Please contact me at 6302290751 or muppurigopi117@gmail.com to arrange an interview.

Sincerely,

Gopi Muppuri.

MERN Stack Developer.
